

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)	
ADJUSTMENT FILING OF MT. OLIVET)	CASE NO. 9918-I
NATURAL GAS COMPANY, INC.)	

O R D E R

On August 10, 1987, the Commission issued its Order in Case No. 9918 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased or a refund is received.

On January 8, 1988, Mt. Olivet Natural Gas Company, Inc., ("Mt. Olivet") notified the Commission that it will receive an increase in rates from its supplier, Columbia Gas Transmission Corporation ("Transmission"), effective February 1, 1988, and submitted with its notice certain information in compliance with its purchased gas adjustment clause on file with this Commission.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) Mt. Olivet's notice of January 8, 1988, set out certain revisions in rates which Mt. Olivet proposed to place into effect, said rates being designed to pass on the wholesale increase in price from its supplier in the amount of \$6,418 or 16.37 cents per Mcf.

(2) Transmission filed revised rates with the Federal Energy Regulatory Commission ("FERC") to be effective February 1, 1988, including a fixed monthly charge attributable to contract reformation costs. FERC has not yet ruled on the fixed monthly charge attributable to contract reformation costs.

(3) In its purchased gas adjustment filings, Mt. Olivet has used incorrect base rates in setting out its adjusted rates for any increase or decrease in gas purchases. In all future filings, Mt. Olivet should use the approved rates in the most recent case to apply any increase or decrease to gas purchases.

(4) Mt. Olivet's corrected adjustments in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 9918 dated August 10, 1987, are fair, just, and reasonable and in the public interest and should be effective with gas supplied on and after February 1, 1988. Mt. Olivet's rates should be subject to refund because FERC has not yet ruled on the monthly charge attributable to contract information charges.

IT IS THEREFORE ORDERED that:

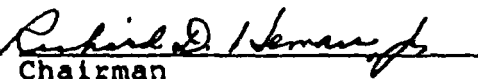

(1) The rates in the Appendix to this Order be and they hereby are authorized effective with gas supplied on and after February 1, 1988, subject to refund.

(2) In all future purchased gas adjustment filings, Mt. Olivet shall use the approved rates from the most recent case to adjust for any increase or decrease in its purchased gas adjustment clause.

(3) Within 30 days of the date of this Order Mt. Olivet shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 5th day of February, 1988.
